

Matthew West, Forever And Beyond

Forever and Beyond

I take the pieces of my broken heart I place them in your hands Cause I need answers, and I need
If I could reach, reach above the clouds
Higher than the rain could find me
And I would reach, reach beyond the stars
Into a place where love will last forever and beyond
For every trial I am facing it only brings me back to you Cause I believe in a place called heaven w
and all my dreams will come true
And every tear will be a million miles away
But until then I will be dreaming of the day
When I would reach, reach above the clouds
Higher than the rain could find me
And I will reach, reach beyond the stars
Into a place where love will last forever and beyond
I raise my hands and lift my eyes and let your spirit carry me
You lift me up into the sky you give me wings
I will reach, reach above the clouds
Higher than the rain could find me
And I will reach, reach beyond the stars
Into a place where love will last forever
You take me to the place where love will last forever and beyond
