

# Matthew West, Out Of Time

So, you're hungry for a taste of the other side  
Where the grass is thick and green  
But your feet are on familiar ground  
Frozen and afraid of what you might lack  
Oh, if that's all that's holding you back

## CHORUS

Come on, step out of time  
Fall out of line  
Leave a mark they can't erase  
Find your heart and lose your mind  
Watch the journey unwind  
And let it be a new day  
Out of time

How's your story gonna read  
When they call your name  
And it's all there in black and white?  
Will you follow?  
Or will you lead?  
Will you quietly disappear  
Or is this whole world gonna know  
That you were here?

It's time to be free  
It's time just to live what you believe  
What you gonna do with the life you're living?  
What you gonna make of the time you're given?  
When you are free, you have been forgiven  
Now come on and step out of time

Once you go you're gone forever  
Don't you know it's now or never  
But I can feel a change in weather  
Now come on and step out of time
