

# Maureen McGovern, Very Special Love

I never believed in love  
I was deceived by love, I never had much  
luck with lovers before  
I could'nt complete, I seem just part of the  
street to be walked on by everyone but then

I found a very special love in you,  
Its a feeling that's so totally new  
Over and over its burning inside  
I found a very special love in you, and it almost breaks me in two  
Squeezin' me tighter and I never gonna let go

You're not like the rest, I know your one of the best  
you give more than you should and take nothing  
in return (in return)  
Stay always with me, and I'll always will be  
the one person that you can count on always to love

And I found a very special love in you,  
Its a feeling that's so totally new over and over  
its longing inside, I found a very special love in you  
and it almost breaks me in two squeezin me tighter,  
And I never gonna let go..
