

# MaveRick, Memories

Memories of a real world  
where I live my fantasy of love  
nothing more  
in my dreams you will be  
like a stranger in my life  
There's a girl  
doesn't know what to do  
to believe that in my heart  
she's always here with me  
I'll be there  
always in your life  
wasting all my time  
hoping you'll be mine  
and now everyday  
even everynight  
in this world of love  
I'll be alive  
People all around me  
I can see they're feeling alone  
In this strange crazy old world  
where it seems that we're living in a box  
without doors  
without places where to go  
stay in a railroad salvation  
to live the real love  
I'll be there  
always in your life  
wasting all my time  
hoping you'll be mine
