

Max Romeo, Put Me In The Mood

You say I'm cold,
You'd better come warm me girl,
You say I'm cold,
You'd better come warm me girl,
Put me in the mood
And make me feel so rude
I beg you simmer down,
I beg you simmer down
I can't stand the vibrations
I'm gettin' too hot
You'd better come cool me down
You'd better come cool me down
You put me in the mood
And make me feel so rude
You'd better simmer down (bis)
I can't stand this vibration
..Jah..
You're cold... I check you out..
..Jah..
Now I'm getting too hot,
You'd better cool me down
Said I'm gettin' too hot
You'd better cool me down
You put me in the mood
And make me feel so rude
You'd better simmer down
I beg you simmer down
I can't stand you're vibrations..Jah..
