

Maximilian Hecker, Over

My life is flowing anyway
My dreams are flowing anyway
And all the things that I have said
And all the fears inside my head

My girl, don't leave
I've got the sun in me

And you will love me anyway
And you will leave me anyway
Those cut down pieces on my way
Those dark blue skies turned into grey

My girl, don't leave
I've got the sun in me

My life is ending anyway
Now that I'm dreaming of the day
When I felt you, your being sad
You could not leave my dirty head

My girl, don't leave
I've got the sun in me
