## Maximilian Hecker, Over

My life is flowing anyway My dreams are flowing anyway And all the things that I have said And all the fears inside my head

My girl, don't leave I've got the sun in me

And you will love me anyway And you will leave me anyway Those cut down pieces on my way Those dark blue skies turned into grey

My girl, don't leave I've got the sun in me

My life is ending anyway Now that I'm dreaming of the day When I felt you, your being sad You could not leave my dirty head

My girl, don't leave I've got the sun in me
