I was just tryin' to get with you honest
That's why them boys be scared of you
you never let them get past pajamas
oh...when you find the time
how can I get to know ya?

Yo' name, number...game

I gotta get to know ya
Yo' way, the words you'd say
when you want I'll be here baby
Longin' to know ya

I know that you'll never see me
