

Maxwell, Submerge:Til We Become The Sun

Over to under
Enter your wonder baby
Submerge into me baby
And take me to higher

Submerge within the light
Illuminate my night
And let your atmosphere surround me
Submerge within the light all night
Till we become the sun

See if I'm breathing
Because I'm not sure
Tonight if I'm alive
Words are demeaning
They can't describe

Submerge within the light
Til we become the sun
