

# Mayhem, Key To The Storms

Penetrate the lions at the gates  
Illusions flow  
After the next Iron Age  
Mankind lost  
The ships of flames rise to the sky  
Annunaki on board

Watcher searches inside the thoughts  
Inner waves corresponding outer frequencies  
Rider falls down  
The slave set free

Unknown path  
The ways to wisdom are hidden  
Shall the speaker silence

And the memories fade apart  
Like the new attraction of outer space

Where the atomic corpus melts  
Beyond the source of fears

Watcher sits on the borderthrone of insanity  
Giving solution of existence from nonsense
