

# Mazzy Star, Mary Of Silence

Oh Mary of Silence  
You pick my heart with a smile  
Oh sweet Mary  
Come inside for a while  
Help me get a hold on you  
Or I will  
I thought of myself beside you  
Take me into your skin

Oh, Sweet Mary of Silence  
Oh, Sweet Mary of Silence

We have a steady confusion  
You're looking at fear  
It doesn't seem like the first time  
You walked out in a hurry

I look in  
In your window  
To check my head in your pane  
My last thoughts  
They come to me  
I can't take the pain

Oh, Sweet Mary of Silence  
Oh, Sweet Mary of Silence

Help me walk with you  
To the sky in ?  
Shuddering in myself...myself

Oh where  
Oh where  
Oh where

Sweet Mary of Silence  
Sweet Mary of Silence  
Sweet Mary of Silence
