

# McFly, I've got you

The world would be a lonely place  
Without the one that puts a smile on your face  
So hold me 'til the sun burns out  
I won't be lonely when I'm down  
'Cause I've got you to make me feel stronger  
When the days are rough and an hour seems much longer  
I never doubted you at all  
The stars collide, will you stand by and watch them fall? (by and watch them fall)  
So hold me 'til the sky is clear  
And whisper words of love right into my ear  
'Cause I've got you to make me feel stronger  
When the days are rough and an hour seems much longer  
Yeah but I got you  
Oh to make me feel better  
When the nights are long they'll be easier together  
Looking in your eyes  
Hoping they won't cry  
And even if you do  
I'll be in bed so close to you  
Hold you through the night  
And you'll be unaware  
But if you need me I'll be there  
Yeah I got you  
Oh to make me feel stronger  
When the days are rough and an hour seems much longer  
Yeah but I got you to make me feel better  
When the nights are long they'll be easier together  
Yeah but I got you
