

McFly, Look At The Sky

someone please look at the sky
it's not that you have to
it's just that i want you to realise
who you are
who you are
if i were you i'd take a look outside
if i were you i'd take a look outside
yeah
if i were you i'd take a look outside
woah
woah-oh
someone please look at the sky
it's not that you have to
it's just that i want you to realise
who you are
who you are
if i were you i'd take a look outside
if i were you i'd take a look outside
yeah
if i were you i'd take a look outside
if i were you i'd take a look outside
yeah
take a look outside
take a look
if i were you i'd take a look outside
if i were you i'd take a look outside
if i were you i'd take a look outside
yeah
if i were you i'd take a look outside
