

# McFly, Met This Girl

Well I met this girl, just the other day,  
I hope I don't regret, the things that I said now,  
And when we're laughing joking with each other now, I'm glad I met this girl  
She didn't walk away,  
I think she was impressed and was having a good time,  
And when we're laughing joking with each other,  
Spending all our time together...

When she walks in the room my heart goes boom!  
Ba ba ba ba ba da ba, [x2]  
I tried to take her home but she said,  
You're no good for me...

She's got a pretty face, such a lovely name,  
I don't want my friends to see, they might take her away from me,  
She's one I won't forget, in a long long long time,  
Now I really want the world to see,  
That she is the one for me,

When she walks in the room my heart goes boom, yeah  
Ba ba ba ba ba da ba [x2]  
I tried to take her home but she said:  
You're no good for me!

The first time that I saw her she stole my heart,  
And if we were together, nothing could tear us apart,

When she walks in the room my heart goes boom [x3]  
I tried to take her home but she said: you're no good for me

When she walks in the room my heart goes boom,  
Ba ba ba ba ba da ba [x2]  
I tried to take her home but she said you're no good for me

Ba ba ba ba ba da ba [x8]
