

McFly, One for the radio

Here's another song for the radio
Life isn't fair for the people who care
Stick your nose in the air and that's how you'll go far
So go tell your lovers
Your fathers and brothers, your sisters and mothers how lucky they are
Lightspeed out of my mind
I'm hurt but I'll be fine
Put your fist in the air
Raise your voice and declare
Saying we don't care (We don't care)
We don't care (We don't care)
So here's another song for the radio
Here's another line from the heart
So don't pretend you hate us and then sing along
Cause we all look the same in the dark
L.A Temptations or Music Sensations
There's great expectations that weigh on our head
So here's to the liars, who dream and conspire
Against the admired, we hope you drop dead
Lightspeed out of my mind
I'm hurt but I'll be fine
Put your fist on your chest
Raise your voice and protest
Singing we don't care (We don't care)
We don't care (We don't care)
So here's another song for the radio
Here's another line from the heart
So don't pretend you hate us and then sing our song
Cause we all look the same in the dark
We don't, we don't care
We don't, we don't care
We don't, we don't care
We don't, we don't care
Here's one for the radio
Here's one for the radio
Here's one for the radio (one for the radio)
Here's one for the radio
Here's another song for the radio
Here's another line from the heart
So don't pretend you hate us and then sing our songs
Cause we all look the same in the dark
Here's another song for the radio
Here's another line from the heart
So don't pretend you hate us and then sing along
Cause we all look the same in the dark
On the radio
Cause we all look the same,
We all look the same in the dark
On the radio
Oh We all look the same
We all look the same in the dark
