

# McLusky, Medium Is The Message

They're always on the highway.  
They're never on the phone.  
They only got in trouble cos they're made of stone.

And they're not exactly famous.  
Their girlfriends never sit.  
They only got discovered cos their clothes don't fit.

They're always on the highway.  
They're never on the swarm.  
They only got in trouble cos their hearts too warm.

Still they're not exactly gracious.  
They're building on these streets.  
They only got discovered cos their song's so weak.

I don't care about superhighways and famous seascapes.  
She said.  
That the medium is the message, is my message.  
She said.  
But you're not exactly famous yet.
