

Me And My, Touch Of Your Love

Chorus:

One One One One (Touch!)

One One One One (Touch!)

One One One One

I need a touch of your love

One touch in the morning

It's a beautiful day

One touch in the evening

You'll be comin' my way

One touch of your love

And all my dreams come true

I'll do anything for you

One touch of your lips and I feel so fine

One touch and I know you're mine all mine

One touch of your love

It makes me feel all right

For the rest of my life

Chorus

One touch when we're walking hand in hand

One touch and I know that you will understand

One touch and I feel all the love that you give

Gives me reason to

Love you, Miss you

Love you, Miss you

Love you, Miss you

Feel you, Kiss you

Chorus

Touch!
