

# Me And That Man (Adam Nergal Darski, John Po

i surrender to you

i got nothing to say  
no i ain't got that right  
I live in the darkness  
even that is too bright  
thet say love is a burden  
that love brings you pain  
I say love is the devil  
it will drive you inside

i surrender to you

I am begging you death  
I am ready at last  
I can't face the future,  
I can't shake my past  
I am feeding the lion whit my own soul  
I disintegrate, I am losing control  
you offered me haven but gave me hell  
I am just your puppet  
I am under you spell  
I am for the silence  
I long to my grave  
I long for a time when I am not your slave

i surrender to you

got nothing to lose in a world gone astray  
I walk in the shadows I can't find my way  
I know I ain't continue living a lie  
no use to continue living a lie  
I know who I am and what I can't be  
I know we're all lost and never be free  
I give up  
I give in  
surrender to you  
I give you my soul  
you know what to do

surrender to you
