

Meat Loaf, Special Girl

Into each life a little sunlight wants to shine
Let me tell you fortune life that once was mine

[Chorus:]

She was a special girl
She meant the world to me
And I gave her everything

When I found her I'd been looking everywhere
And when I lost her, I was lost beyond despair

[Chorus]

Dreams are hard to touch
Could it be I love her too much

[Chorus]

Bottom line is she was fine in every way
And it's not with hesitation that I say

[Chorus]

Dreams they come and go
But thoughts, like love, will always grow
