

# Meat Puppets, Quit It

Love flies on wings  
Listen to the angels sing  
Love flies on wings  
Put it in the calibrations  
Show it to be ornamental  
Wrapped up, crapped on, torn up, thrown away  
Love flies on wings  
Oh be joyful  
Try knock 'em stiff  
Send in the clowns  
Popskull  
Here come the clowns  
Welcome all to tiny town  
Send in the clowns  
Put it on the burner  
With an extra shot of bubble water  
That's right you take no more little dribble  
Here come the clowns  
Oh be joyful  
Try knock 'em stiff  
Send in the clowns  
Popskull
