

# Meat Shits, Children Of Rape

A woman is raped  
Just sixteen years old  
??  
Another soul is sold

There is no escape  
For the children of rape

A rape happens every second  
Somewhere in the world  
Babies born from hatred  
A new epidemic will unfold

Born into ridicule in a world so cruel  
Taunted from birth  
By everyone on earth

Grow up like the creator  
Commit the crime of conception  
For the children of rape  
There is no escape
