

Meat Shits, Depravity

Welcome to my mind of the depraved
Insanity always controls forever enslaved
Tortured early in life by f**king whores
Killing cunts is what I live for

Hunted like a dog
I am your only God
Feel me deep inside
Now you must die

Now it is time to move in for the kill
The stench of her death gives me a thrill
For her last breath I will be the host
Slicing her cunt then I slit her throat

Hunted like a dog
I am your only God
Feel me deep inside
Now you must die

Devirginize the hole sodomy begins
F**king the intestines raping again
stripping the skin ripping her breasts
Regurgitate her feces eating her flesh

Hunted like a dog
I am your only God
Feel me deep inside
Now you must die

Gouge out her eyes f**k the skull
Cumieg on her brain face is now full
Use the severed arm for masturbation
Cock in her mouth oral copulation
