

# Meat Shits, Meat Rabbit

Worst than the f\*\*king plague  
Here comes the geek pack...  
Acting like fags worship their band  
Wearing stupid clothes and hats

These idiots make me sick  
Talking shit never back it up  
You big mouthed little pussies  
Talk again I will f\*\*k you up

F\*\*k with me again - faggot  
And I will kick your ass - faggot

Thinking you are better than me  
But when I threaten you flee...
