

Meat Shits, Meat Rabbit

Worst than the f**king plague
Here comes the geek pack...
Acting like fags worship their band
Wearing stupid clothes and hats

These idiots make me sick
Talking shit never back it up
You big mouthed little pussies
Talk again I will f**k you up

F**k with me again - faggot
And I will kick your ass - faggot

Thinking you are better than me
But when I threaten you flee...
