

# Meat Shits, Runaway Sex-Slave

You poor little thing  
You look very scared  
Are you a runaway  
It's okay I can help you

I take you back to my place  
My intentions not what you thought  
I brought you here to rape you  
And make you my sex-slave...

I terrorize and sodomize  
Force you into oral sex  
Obey me... My sex-slave  
Or die like the rest
