

# Medeiros Glenn, Someday Love

Someday, right away  
Hey you out there  
I'd know you anywhere  
Your smile can't hide the pain  
Your eyes give you away  
Seems love has gone again  
It happens now and then  
Suddenly the one you need  
No longer wants you  
But if you can find the heart to let it go

## CHORUS

Someday love (will come back to you)  
Someday love (will come shining through)  
Someday love will be the reason  
You've got to keep believin', someday love  
Maybe it's much too soon  
To try to comfort you  
The words won't set you free  
When love's a memory  
Oh but don't forget  
Your life's not over yet  
Even the darkest night  
Can't last forever  
And just keep in mind the sun will shine again  
Someday love (will come back to you)  
Someday love (will come shining through)  
Someday love will be the freedom  
That will always keep you dreamin'

## CHORUS

Someday love, someday's love  
Someday love will be the freedom  
That will always kep you dreamin'  
(repeat til fade)
