

Megadeth, Family Tree

Forgotten things remembered,
The tigers eat their young...
The body stayed but inside the head,
The mind was on the run.
A conspiracy of silence.
The only way out of pain,
Is turn around, run through it man !
Too wet to come in from the rain...
Tell them...

I know they were doing it to you...
But don't try doing it to me !

Let me show you, how I love you,
It's our secret, you and me
Let me show you, how I love you,
But keep it in the family...

When you hear them saying "trust me",
Don't wait to see what's next...
Thrown to the wolves forever trusting
Raised in a form of living hell.
Sing a one note song of rage
Live and die within your heart
So beware in the shadows,
Your family tree waits in the dark
I say...

I know they were doing it to you...
But don't try doing it to me ! No! No!...

Let me show you, how I love you,
It's our secret, you and me.
Let me show you, how I love you,
But keep it in the family tree.
Let me show you, how I love you,
It's our secret, you and me.
Let me show you, how I love you,
The secret ... of the family tree...
