[Verse]

Okay, running up them bands, tryna ball 'til I fall

Running from his bitch, he gon' come when I call

If it ain't 'bout money, then you know I ain't involved

Worry 'bout these motherfucking haters, not at all

Nine times out of ten, I'm the realest bitch you know

If you ain't want a pimp, then what you fucking with me for?

If you balling and you know it, then let the money show

If he acting scared to spend it, I'ma show him to the door

Okay, now shake with it, shake-da-shake with it

And if the beat live, you know LilJu made it

And when I pop it, he get stiffer than some fake titties

And don't be worried 'bout who I'm fucking 'cause you can't hit it

Yeah, running up them bands, tryna ball 'til I fall

If I'm with your daddy, then you know we at the mall

If I'm with a nigga, then you know I'm in them jaws

You let a broke nigga talk you out the drawers

I don't even chase liquor, why would I chase a nigga?

He say I should be nicer, well your dick should be bigger

He said, "You better be good by the way that you bragging?"

I hit him back and told him, "Well, that just depend who you asking"

I got an ex that say he gon' leave his new bitch whenever I call him

Got an ex that say that every time he see me it's gon' be problems

Got an ex that's on his homeboy IG tryna stalk me out

Got an ex that miss it so bad, probably praying for me now, ayy

Running up them bands, tryna ball 'til I fall

In the Gucci store, finna tear that bitch down

Money on my phone, yeah, like collect calls (Hello?)

Pussy like a drug, and he having withdrawals
