

Meganoidi, New Enemy

And I'm feeling upset
cause of your change in shape
and your brand new disguise
and I'm feeling so sad
cause my trust was betrayed
and It's not the first time

chorus
I didn't know
I was standing up
and fighting for you
what could I do
I was standing up
and fighting for you

I'm looking for my enemy
he's changing personality
please come as you are
