

Meiko, The Saddest Song In The World

I wake up
And you're gone
The tvs still on
And I sit
And I watch
Another rerun
She is left all alone
Her lover's out to sea
And I can't help her feel that she is just like me
And I gave all I could but it wasn't good enough
And you said that you'd be here before I woke up
Now your'e gone
I don't know why
My heart still beats
And I can't feel
Anything
Cuz I gave all I could but it wasn't good enough
And you said that you'd be here before I woke up
Now your'e gone
Away
Now your'e gone
Away
Why don't you take me with you
Come and take me
With you
Come and take me
With you
Come and take me
With you
Cuz I gave all I could but it wasn't good enough
And you said that you'd be here before I woke up
Now your'e gone
Oh oh oh oh oh oh oh oh ohhh oh ohoh oh oh oh oh oh ohhhhhh
