

# Meja, I Wanna Make Love

Livin'all alone in a big apartment  
I got cash, I'm independent  
but who am I?  
And where's the magic?  
I've asked all the questions  
but I never find the answer  
not until I'm free, I can't stand it

I wanna make love to you  
I'm tired of being told  
(of) what to think or say or do  
I wanna make love to you  
I'm tired of it all  
I just want someone to hold

Lovin' is a game in the year 2000  
we've been told by the 90's trailers  
You visit me, I visit you  
in the future  
We don't live together  
all I gotta do is to read the paper  
The monopoly of views, I can't stand it

I wanna make love to you  
I'm tired of being told  
(of) what to think or say or do  
I wanna make love to you  
I'm tired of it all  
I just want someone to hold
