

Meja, Invisible

It's invisible
things that we know
treasures we hide we can find
something to show us a sign

It's so vulnerable
the words that we say
doesn't come out as we planned
sometimes they're just in the way

Common things we take for granted
in our life
Silly games we play that blindfolds
our eyes
You should know that your a part of me
and it's plain to see

It's invisible
all I can say,
It's what you plan in you mind
secrets that you wanna find

So admirable
the courage you hold
giving me time to be strong
tells me that nothing is wrong

Common things we take for granted
in our life
Silly games we play that blindfolds
our eyes
You should know that your a part of me
and it's plain to see

Invisible (You take so many things for granted)
Unbelievable(Yes, I know, I know)
So vulnerable(You know I don't wanna hurt you)
Cause I know

Common things we take for granted
in our life
Silly games we play that blindfolds
our eyes
You should know that your a part of me
and it's plain to see
