

Mel B, Hell No

Wait

Before you leave I've got something to say

So listen to me

I know you wanted to hate me

When you found out that I lied, yeah

I wanna spend eternity

But you say you've been deceived

Now you say you wanna leave

But I say

Hell no, hell no - I won't let you leave me this time, no (no, whoa)

Hell no, hell no - Don't act like you never lied to me (don't act like you never lied to me)

Hell no, hell no - My actions are not just a fight (are not just a fight) Remember the many nights I cried

So hell no you can't leave me this time

Now under the circumstances

Do you remember what you did to me (to me)

When I found that other hootches pictures

Had 'em hid inside a Dru Hill cd

I'm not trying to go back and forth

I'm just trying to let you know

I've forgiven you a hundred times

So baby I'm not gonna let you go so

Hell no, hell no (hell no, hell no) - I won't let you leave me this time, no (don't leave me)

Hell no, hell no - Don't act like you never lied to me (don't act like you never lied)

Hell no, hell no (oh no)- My actions are not just a fight (I'm so sorry baby)

Remember the many nights I cried

Hell no you can't leave

This time (this time)

Don't leave me now

I'll be here if you stay (stay right here)

Hell no, hell no (Oh, no) - I won't let you leave me this time, no (don't leave me)

Hell no, hell no - Don't act like you never lied to me (oh don't you go away)

Hell no, hell no - My actions are not just a fight (I'm so sorry, I'm so sorry baby)

If I forgave you baby when you left

Hell no you can't leave me this time

Hell no, hell no (what do you think?) - I won't let you leave me this time, no (do you think I can be a

Hell no, hell no - Don't act like you never lied to me (but you lied to me before, yes you have)

Hell no, hell no - My actions are not just a fight (can you forgive me, can you forgive me baby?)

(Hell no) Hell no you can't leave me this time

Don't leave me no

Stay right here
