

# Mel B, L.A. State of Mind

I woke up today to a sun-bleached sky  
Gonna give myself time to unwind  
Loaded up the trunk of my Cadillac  
Brazilian bikinis and stuff like that  
Drive to Hollywood, have a nice day  
I'm heading west on the 10 freeway  
Soft-top down, music cranked up  
Catching the breeze, yes I'm feeling the sun  
[Indiscernable blathering]  
Destination Malibu Beach  
Carefree summertime  
Sure is easy, let your spirits fly  
L.A. state of mind  
Come and join me, these are carefree summertime  
Carefree summertime  
Summertime  
Carefree summertime  
I'm hitting the waves on my boogie board  
Checking out the dudes playing volleyball  
Raspberry ice cream, ripped t-shirts  
Looking so L.A. in my Ab-Crom skirt  
Yeah, more friends will join us at the beach  
Making time to get sun-kissed  
No place I'd rather be (on days like this)  
Just heard there's a -- in Malibu  
Gonna flip a "U-ey" it can't be missed  
There till sunset  
Carefree summertime  
Sure is easy, let your spirits fly  
L.A. state of mind  
Come and join me, these are carefree summertime  
Carefree summertime  
Summertime  
Carefree summertime  
On days like this  
We're feeling so good  
We're feeling so high
