

# Melanie Blatt, See me

I see you  
happy not to make a move  
holed up in your room  
not wanting the rough, just the smooth  
Baby, see me  
I don't wanna miss a beat  
See life pass by without me  
So I keep my eyes wide open  
Keep them open baby  
Can't waste my time, do what I need to feel alright  
I've found a way to change, don't wannabe uptight  
No matter what I'm made of, know that I can shine  
Cause it's been so long since I have shone, so  
I'm gonna learn to fly  
I'm gonna touch the sky  
I will not compromise  
Don't want to hide all my life  
I'll take the low with the high  
I want to feel alive  
I'm gon' to try to try  
Don't want to hide all my life  
I see you  
Always stuck in your groove  
Always in the same mood  
Never trying to improve  
Baby, see me  
I just wanna be free  
Free from powers that be  
So I keep my eyes wide open  
Keep them open, baby
