

# Melanie Fiona, It Kills Me

Oh yah I've got trouble with my friends  
Trouble in my life  
Problems when you don't come home at night  
But when you do you always start a fight  
But I can't be alone, I need you to come on home  
I know you messing around,  
but who the hell else is gonna hold me down  
Oh I gotta be out my mind to think it's gonna work this time  
A part of me wants to leave, but the other side still believes  
And it kills me to know how much I really love you  
So much I wanna ooh hoo ohh to you hoo hoo  
Should I grab his cell, call this chic up  
Start some shhhh then hang up  
Or should I be a lady

Oh maybe cause I wanna have his babies  
Ohh yahh cause I don't wanna be alone  
I don't need to be on my own  
But I love this man  
But some things I just can't stand  
I've gotta be out my mind  
To think it's gonna work this time  
A part of me wants to leave but the other half still believes  
and it kills me to know how much I really love you  
So much I wanna oh to you hoo hoo  
Should I pay him back to see how he'll react,  
to see if he'll React to my love, my love  
Oohh I've gotta be out my mind  
To think it's gonna work this time  
a part of me wants to leave but the other half still believes  
and it kills me to know how much I really love you  
so much I wanna ooh hoo
