

Melanie Thornton, I Wish It Was Love

Music by Mitchell Lennox & Julien Nairolf

Lyrics by Melanie Thornton, Mitchell Lennox & Julien Nairolf

Chorus

I wish it was love
I wish it was freedom
Many times I thought that it was meant to be
I gotta feel love
I gotta feel a reason
To wash away the fear

Verse 1

No more games to play
No more words to say
I'm sorry, there is nothing more to say
For my heart to heal
This is how I feel
So sorry, there is nothing more to say

Bridge

I see it now like the rain is falling
Falling from the clouds that hide the sun
It's over now, a new day is dawning
It's time we go our own way

Chorus

Verse 2

No more hearts to break
Promises to make
Me sorry, I've nothing more to give
Now the time is here
And I have no fear
I'm not sorry - for all I can forgive
