Melanie Thornton, I Wish It Was Love

Music by Mitchell Lennox & amp; Julien Nairolf Lyrics by Melanie Thornton, Mitchell Lennox & amp; Julien Nairolf

Chorus I wish it was love I wish it was freedom Many times I thought that it was meant to be I gotta feel love I gotta feel a reason To wash away the fear

Verse 1 No more games to play No more words to say I'm sorry, there is nothing more to say For my heart to heal This is how I feel So sorry, there is nothing more to say

Bridge

I see it now like the rain is falling Falling from the clouds that hide the sun It's over now, a new day is dawning It's time we go our own way

Chorus

Verse 2 No more hearts to break Promises to make Me sorry, I've nothing more to give Now the time is here And I have no fear I'm not sorry - for all I can forgive
