Melissa Etheridge, Down To Zero

All the feeling when you're reeling You step lightly thinking you're number 1 Down to zero with that word & amp;quot;leaving& amp;quot; For number 1 Now you walk with your feet back on the ground Down to the ground

A brand new dandy Yes a first-class scene stealer Walks through the crowd and takes your woman So you rush in to the mirror Brush your eyebrows and say There's more beauty in you than anyone Oh remember who walked the warm sands beside you Mud to your heal as the waves come rushing in She took the worry from your head But then again she put trouble in your heart instead And you fall Down to the ground Down to the ground

You know heartache Still more crying When you're thinking of your mother's only son You take to your bed You say there's peace in sleep But you'll dream of love instead And oh the heartache you'll find Can bring more pain than the blistering sun And oh you fall umm you fall You fall at my door

All the feeling when you're reeling You step lightly thinking you're number 1 Down to zero with the word & amp;quot;leaving& amp;quot; Leaving for number 1 Now you walk with your feet back on the ground Down to the ground down to the ground

And you'll know heartache Still more crying When you're thinking of your mother's only son You take to your bed You say there's peace in sleep But you'll dream of love instead And oh the heartache you'll find Can bring more pain than the blistering sun And oh you fall umm you fall You fall at my door
