

# Melissa Etheridge, Walking On Water

What did you want  
How could I guess  
You wanted more  
I gave you less  
A miracle is all I need  
A bush to burn  
A stone to bleed

Walking on water  
Water to wine  
Love lasts forever  
Wish you were mine

What did I take  
That took away  
Desire's spark  
A lover's blaze  
Stone cold skin  
A bitter breeze  
A miracle is all I need
