

Melissa White & Ace, Switch!

Switch the feeling
Switch the feeling
You've got to believe it
You've got to believe it, yeah

Dance, switch the feel
You really mean baby
Lots for me
Shake, switch the feel
You really can shake it, move it, I want you by my side

Stop now and watch me baby
You know you drive me crazy
Hey girl, I got the fire in my blood

Hey boy, go take it easy
Look now, you must be dizzy
Tell me, you better shake it up tonight

Baby that's for real
Switch the feeling
Why can't you believe it
Show me what's the deal
Switch the feeling
You got to be near me

Dance, switch the feel
You really mean baby, lots for me
Shake, switch the feel
You really can shake it, move it, I want you by my side

Switch the feeling, you got to believe it
You by my side
Switch the feeling, you got to believe it
You got to believe it

Watch me, you got the rhythm
Baby, I give up freedom
Show me, you got the keys to my desire

No go, no talk of close-up
Baby, until you shape up
Your way, why should I fall into your arms?

Baby that's for real
Switch the feeling
Why can't you believe it
Show me what's the deal
Switch the feeling
You got to be near me

Dance, switch the feel
You really mean baby, lots for me
Shake, switch the feel
You really can shake it, move it, I want you by my side

Switch the feeling, you got to believe it
You by my side
Switch the feeling, you got to believe it
You got to believe it

Side
Switch the feeling, you got to believe it
You by my side

Switch the feeling, you got to believe it
You got to believe it

Dance, switch the feel
You really mean baby, lots for me
Shake, switch the feel
You really can shake it, move it, I want you by my side
