

Melodifestivalen, Andr

Go go go go
Go go go go

I'm feeling hot today
I'm gonna make you sway
So when I count to four
We're going out that door
It's time to hit the floor

OI OI, come on let's get exited
OI OI, we'll never be divided
All around the world every boy and girl
Raise your hands and say OI OI

Remember when we sang
Just like a boomerang
So all the girls and boys
You have to raise your voice
It's time to make some noise

OI OI, come on let's get exited
OI OI, we'll never be divided
All around the world every boy and girl
Raise your hands and say OI OI

OI OI, come on let's get exited
OI OI, we'll never be divided
All around the world every boy and girl
Raise your hands and say OI OI

OI OI, go go Andrs
OI OI, go go Andrs
OI OI, go go Andrs
OI OI, go go

(Come on!)

OI OI, come on let's get exited
OI OI, we'll never be divided
All around the world every boy and girl
Raise your hands and say OI OI

OI OI, come on let's get exited
OI OI, we'll never be divided
All around the world every boy and girl
Raise your hands and say OI OI

All around the world every boy and girl
Raise your hands and say OI OI
