Melodifestivalen, Andr

Go go go go Go go go go

I'm feeling hot today I'm gonna make you sway So when I count to four We're going out that door It's time to hit the floor

Ol Ol, come on let's get exited Ol Ol, we'll never be divided All around the world every boy and girl Raise your hands and say Ol Ol

Remember when we sang Just like a boomerang So all the girls and boys You have to raise your voice It's time to make some noise

Ol Ol, come on let's get exited Ol Ol, we'll never be divided All around the world every boy and girl Raise your hands and say Ol Ol

Ol Ol, come on let's get exited Ol Ol, we'll never be divided All around the world every boy and girl Raise your hands and say Ol Ol

Ol Ol, go go Andrs Ol Ol, go go Andrs Ol Ol, go go Andrs Ol Ol, go go

(Come on!)

Ol Ol, come on let's get exited Ol Ol, we'll never be divided All around the world every boy and girl Raise your hands and say Ol Ol

Ol Ol, come on let's get exited Ol Ol, we'll never be divided All around the world every boy and girl Raise your hands and say Ol Ol

All around the world every boy and girl Raise your hands and say OI OI
