

Memento, Coming

he's comin', he's comin', he's comin', eh, ah ah
he's comin', he's comin', he's comin', eh, ah ah
he's comin', he's comin', he's comin', eh, ah ah
he's comin', he's comin', he's comin', ahhh, ah ah
he's comin', he's comin', he's comin', eh, ah ah
he's comin', he's comin', he's comin', UH!

i'm comin' on one on one with you
connecting all the dots now there's you
(i'm back again)
invisible but with you in a room
just know that i'm comin', i'm comin'
i'm comin' for you

there is no
me and you
you are still dead to me
there is no
me and you
you are still dead to me
there is no
me and you
you are still dead to me
there is no
me and you

he's comin', he's comin'
he's comin' for you
he's comin', he's comin'
he's comin' for you
he's comin', he's comin'
he's comin' for you
he's comin', he's comin'
he's comin' for you

i'm the shivers and the tingles in your spine
i'm the dirty pin that lands in your eyes
look into the keyhole of your mind
just know that he's comin', he's comin'
he's comin' for you

there is no
me and you
you are still dead to me
there is no
me and you
you are still dead to me
there is no
me and you
you are still dead to me
there is no
me and you
you and me

i forgot to forgive
i'm forgetting to live
i forgot to forgive you

coming out of
hibernation
coming out of
hibernation

coming out of

hibernation
coming out of
hibernation

he's comin', he's comin'
he's comin' for you
i'm comin', i'm comin'
i'm comin' for you
he's comin', he's comin'
he's comin' for you
i'm comin', i'm comin'
i'm comin' for you
