

# Memphis May Fire, Action/Adventure

How can you just turn your back on everything you said you believe  
It may not be real to you but it's real to me

Leave me out, I want no part of this  
Open the gates and push me in  
I'm not ashamed of who I have been  
I'll never hesitate to say  
I've seen what I have needed to see  
Of this world in decay  
These days reality is an antique  
And I'm afraid that will never change

One by one they drop like flies  
I've seen it right before my eyes  
We're running out of time  
So choose your side

Liars, liars  
You went back on everything  
It may not be real to you  
But it's real to me

I'd rather die for the truth  
Than live for a lie  
So I'll live by faith and not by sight

Why don't you stop denying you're living a lie  
And realize you were never alive  
You can deceive them but I won't believe them  
There's nothing you can do to change my mind  
The path that I will take  
Has been defined by the choices I have made  
I will not let my heart get harder  
Won't let my heart get harder

Liars, liars  
You went back on everything  
It may not be real to you  
But it's real to me

It may not, it may not be real to you  
But that doesn't change a thing

You liars, you liars  
I put so much trust in you  
Just to watch you turn your back and walk away  
So lay down and rot

Lay down and rot  
You're dead to me, dead to me  
Just like the rest of them  
You're dead to me

One by one they drop like flies  
I've seen it right before my eyes  
We're running out of time  
So choose your side

Liars, liars  
You went back on everything  
It may not be real to you  
But it's real to me

It may not, it may not be real to you

But that doesn't change a thing

Save your lies

This is the one thing you'll never take from me

You'll never change my mind

Oh I dare you to try

We are not the same

I will not be infected

We are not the same

I will not be infected
