

Men Without Hats, Underneath The Rainbow

Oh, if I had a wish I'd fall in love
With the planet and the stars above
Isn't that what life is all about
When you're underneath the rainbow

Oh, oh if I had a wish I'd fall in love
With the planet and the stars above
Aren't angels only clouds and doves
When you're underneath the rainbow

And some were mystified that some were always dancing
All I realized is someone really cared underneath the rainbow

Some were mystified that some were always dancing
All I realized that someone really cared
And although deep inside
Hold life as so romantic
I learned to read and write, smell the summer in the air
And oh, if I had a wish I'd fill it full of love
I'm receiving from no strangers up above and when the leaves are falling
I just close my eyes and lift my head and
Oh, if I had a wish I'd fall in love
With the planet and the stars above
Isn't that what life is all about
When you're underneath the rainbow
