

# Menswear, Wait For The Sun

Autumn leaves and April rain  
Watch the seasons come and change  
Though they go I stay the same  
Lay me down in hazy days  
Wait for the sun gonna rise gonna come  
Wait for the sun gonna rise gonna come  
See the coming of the sun  
Warms my soul and turns me on  
Touch me with your summer breeze  
Lift me, take me, make me free  
Wait for the sun gonna rise gonna come  
Wait for the sun gonna rise gonna come
