

# Mental Crypt, Genocide

Violated population  
Suffer in a splintered nation  
Mass production of destruction  
Slaughter in a weird seduction

Inflammatory civil war  
State of crisis to the core  
Perforated victims cry  
In pools of blood they're left to die

Death rain from the sky  
In this bolting hell  
A city under siege  
Maimed by mortar shell

Life denied  
Genocide

Deadlock in negotiation  
Conflict forced beyond frustration  
Ethnic purge, annihilation  
Massacre in brute aggression

Ammunition - piercing bullets ripping flesh  
Opposition - legacy of hate repressed

Consummation of prediction  
Bleeding wounds of war addiction  
For territorial dominion  
Destination Armageddon

Menacing aggressor roused  
Unleash another holocaust  
Gory in eternal war  
Forgotten words of nevermore

Death rain from the sky  
In this bolting hell  
A city under siege  
Maimed by mortar shell

Life denied  
Genocide
