

# Mental Crypt, Suffocation

Decease of common sense, I am a scapegoat for your guilt  
To prove your innocence, you put the squeeze on at full tilt

Uncontrolled massacred minds - Negligent  
Travesty, circus sublime - Decadent

Twisting and turning reality  
Truth is a stranger in your fantasy

Loss of glory - No horizon, compact tragic grey  
Mandatory - You are on a mental holiday

No justice to be found  
I'm falling to the ground  
Floods of corruption  
Onslaught, oppression

You're feeding me with misery, a pocket full of lies  
You give me hell, and might as well, take away my life

Suffocation - Devastating vacuum paralyse  
Obligation - To stare into a wall of endless lies

Your guile upon me pound  
I'm crawling on the ground  
Floods of corruption  
Onslaught, oppression

Uncontrolled massacred minds - Negligent  
Travesty, circus sublime - Decadent

Nothing is right, something is wrong  
Can't see the light, do I belong

Crucifixion - Driving nails into my withering flesh  
In submission - Behold remorseless bigwig manifest

I hope you're feeling good  
A reverse Robin Hood  
Floods of corruption  
Onslaught, oppression

No evasion - Freedom is expensive merchandise  
Allegation - Indigent, born to be sacrificed
