

# Menzel Idina, Reach

slowly, softly, please serenate me and heal  
restless, reviving, river of life you are here  
Tell me you love me, tell me you see me  
show me your laughter, a feed me  
tell me you love me  
I'm the one you need  
raise your hand and reach for me  
reach for me

silent, slumber, sweetheart your thunder is my thorn  
bathing, with you Taye  
that little bliss you have earned  
tell me you love me, tell me you see me  
show me your laughter

oh, won't you feed me  
tell me you love me  
I'm the one you need  
raise your hand and reach for me  
oh baby won't you reach for me, oh

pretty, precious, prisim in darkness, you make me proud  
fragile, fumbling, finally a new day we'll have found  
tell me you love me, tell me you see me  
show me your laughter, oh won't you feed me  
tell me you love me, I'm the one you need  
oh baby, won't you reach your hand, won't you reach your hand and reach for me  
oohhh, reach for me (until fade)
